Objective

Passionate and detail-oriented Frontend Developer contributing to the creation of intelligent, user-centred web solutions while continuously enhancing my technical and design expertise. Dedicated to developing scalable, responsive, and visually appealing web applications using React, JavaScript, and Tailwind CSS, while collaborating effectively within agile teams.

Technical Skills

- Frontend: HTML5, CSS3, JavaScript (ES6+), ReactJS, Tailwind CSS, Bootstrap

- State Management: Redux (Basics), Context API

- Programming Languages: JavaScript, TypeScript, Python (Basics)

- Backend: Django, Django REST Framework (API Integration)

- Tools & Platforms: Git, GitHub, Postman, VS Code, Netlify, Vercel

- Design & UI: Figma to Frontend Conversion, Responsive Design, UI/UX Principles

- Other: REST API Integration, API Testing, Problem Solving

Education

Bachelor of Technology (B.Tech) in Electrical and Electronics Engineering
VSM College of Engineering, Ramachandrapuram – Graduated 2023, Percentage - 59%

Diploma in Electrical and Electronics Engineering
VSM College of Engineering, Ramachandrapuram – 2020, Percentage-74%

Projects

1. Healthcare Dashboard (React + Bootstrap)
Developed a responsive static dashboard with multiple components including overview panels, schedule management, and activity feeds

2. Student Registration System (React)
Built a dynamic UI for managing student course registrations, course offerings, and settings. Implemented clean navigation and interactive tables.

3. Full Stack Portfolio Website (React + Django)
Created a personal portfolio website showcasing frontend projects. Integrated Django backend for contact forms and dynamic content management.

4. Gas Leakage Detection System (Arduino + IoT)
Final-year project integrating hardware sensors with mobile alert systems for real-time safety monitoring.

Key Strengths

- ☑ Strong understanding of React & Vite architecture
- ☑ Skilled in building responsive, pixel-perfect UIs from Figma
- ☑ Proficient in API testing with Postman
- ☑ Eager to learn new frameworks and contribute to AI-driven projects
- ☑ Committed to writing clean, reusable, and scalable code

Certifications

- Frontend Development (HTML, CSS, JavaScript) – Frontend Mentor

- Python Full Stack Development –Kapil It Skill Hub, Hyderabad
